SUMMARY

Motivated Full Stack Web Developer with hands-on experience in building dynamic web applications using the **MERN** stack (MongoDB, Express.js, React, Node.js). As a fresher, I have a solid foundation in front-end and back-end development, gained through multiple projects. Skilled in creating RESTful APIs, implementing JWT authentication, and managing data with Mongoose. Proficient in developing interactive UIs with React, Redux, and React Router. Eager to apply my technical expertise and problem-solving skills to contribute to innovative web solutions.

EXPERIENCE

Full Stack Web Developer

NoviTech Pvt Ltd

June 2023 - December 2023, India, Coimbatore

- Enhanced proficiency in **HTML**, **CSS**, and **JavaScript** through intensive self-study and hands-on projects, resulting in the development of visually captivating user interfaces. Interned remotely with **NoviTech Pvt, Ltd**, advancing technical skills.

PROJECTS

Online Bike Selling Platform

Personal Project • April 2024 - May 2024

- Built a full-stack application using **MERN stack** that facilitates the buying and selling of bikes online.
- Utilized **Express.js** to create a secure backend for user authentication and payment processing.
- Designed a dynamic and responsive user interface with **React**, allowing users to manage their listings and transactions effectively.

Hospital Appointment Booking System

Personal Project • February 2024 - April 2024

- Developed a full-stack web application using **MERN stack** to allow patients to book appointments with healthcare providers.
- Implemented user authentication and role-based access control using **Express.js** for secure access management.
- Designed a responsive user interface with **React** to ensure a seamless experience across devices, integrating a RESTful API for appointment management.

Landing Page Projects

PW Skills • January 2024 - February 2024

- Designed and developed two responsive landing pages showcasing the features and services of an NFT marketplace and Pixel Lab.
- Utilized **Tailwind CSS** for modern styling, ensuring optimal performance and a clean aesthetic across devices.
- Implemented interactive elements and smooth scrolling effects to enhance user engagement and overall experience.

EDUCATION

Bachelor of Science (Computer Science)

Minor in Mathematics • S.R.T.M.U.NANDED • India, Nanded • 2024 • 7.99

CERTIFICATIONS

Full Stack Web Developer

PW Skills • 2024

- The certificate is relevant as it equips me with essential skills in the MERN stack, enhancing my qualifications for a career in full-stack web development.

MKCL Klic Diploma

MKCL • 2023

- Financial Accounting with Tally:** Demonstrated proficiency in managing financial accounts, including ledger creation, inventory management, and GST compliance using Tally ERP software.
- Course in Advanced Excel:** Acquired expertise in advanced Excel functions, including data analysis, pivot tables, macros, and visualization techniques for efficient reporting and decision-making.
- Java Programming:** Gained strong foundational skills in Java programming, including object-oriented concepts, application development, and debugging techniques for realworld software solutions.

SKILLS

Frontend: HTML, CSS, JavaScript, Tailwind CSS, React.js, Redux and Fetch API.

Backend: Node.js, Express.js, MongoDB, Mongoose, RESTful API Development and Data Modeling.

Other: Microsoft Excel, Microsoft PowerPoint, Microsoft Word, Responsive Design, Git.
